

Strategic Planning Reference Group Developing our strategic options – 4 October 2018

17 members of the Strategic Planning Reference Group attended the workshop on 4 October held in the Alexander Graham Bell Centre, Moray College UHI, Elgin.

8 evaluation forms were completed.

Overall workshop feedback:

	Very useful	Somewhat useful	Not very useful	Not at all useful
Strategic plan review and timeline summary of findings so far from completed activities	5	3	0	0
Headlines from our annual performance report	4	4	0	0
Test of change – feedback	5	3	0	0
Workshop activity to agree our strategic outcomes	6	2	0	0

Additional comments:

- Discussing existing priorities raised very interesting points. Investing in workforce – central working by all sectors to support individuals, identifying people within communities, supporting them to live well.
- The final activity threw up some very interesting thoughts about the strategic outcomes and whether priorities still relevant. Some are but others definitely need development.
- Put less data on presentation slides. Just the key numbers or facts.
- One presentation rushed and awful.
- The most productive meeting so far. Finally felt included and that our contributions were being taken into consideration.
