

“Reshaping Care for Older People”

Workshop feedback

- Workshop 1 September 2017

Positive Feedback

“excellent”

“Easy to access”

“Good networking Opportunity”

“multiple screens useful”

“Format excellent”

Workshop aims achieved

- Successful attendance and locality representation
- “Very useful” and “somewhat useful” presentations
- Improved knowledge of models emerging
- Better understanding of our direction going forward in terms of older people
- Locality conversations/discussions
- Locality Actions agreed

Buckie/Cullen	<ul style="list-style-type: none"> • Scope locality assets and facilities: care homes, Hanover homes • Draw up a business case to support using these assets differently
Elgin/Lossiemouth	<ul style="list-style-type: none"> • Scoping exercise around community resources and building the MDT around the person • Scoping exercise around the public in Elgin/Lossiemouth and the impact of using out of area community hospitals • Look at smaller working groups to discuss the outcomes then progress, ACP planning links, communication and information sharing
Forres	<ul style="list-style-type: none"> • Evaluate Varis Court outcomes for individuals – augment/replace/conclusion • Continue to tailor care and empower families, work as an integrated team • Review Community Hospital role and function – 9 beds, 1 united nursing/AHP care, mostly step down and awaiting care etc..
Keith and Speyside <ul style="list-style-type: none"> • Forward thinking – early intervention, long term conditions earlier, anticipatory care planning or alternative such as WRAP • Extra care sheltered housing complex with dementia beds • Burtzorg principles with a multi-disciplinary focus – an extended MD team • Intergenerational workforce planning 	<ul style="list-style-type: none"> • A population based approach • Get the revised criteria for Jubilee cottages • Identify who to target and when • Focus on wellness with staff as a test • Have difficult conversation about the future e.g. power of attorney

Learning

- Evaluation sheets best completed on the day
- Better facilitation will enable all stakeholders to make a contribution to the discussions
- Wider Stakeholders group membership requires review as we progress the development of the strategic plan
- A service/Asset mapping across the health and social care system per localities is required

Promoting Community Wellbeing

November 2017

Aims of Today

- Reflect on our “promoting Community Wellbeing outcome for all adults
- Take stock of our improvements so far
- Hear about existing models of care that are emerging in Moray
- Agree some locality planning actions

Locality Groups

- Buckie/Cullen
- Elgin/Lossiemouth
- Forres
- Keith/Speyside

Ten minute briefs

- Moray Third Sector Interface
- Moray Wellbeing Hub
- Community Development Team DVD
- Promoting Health and Wellbeing, Public Health

Workshop Activity

- What struck you about what you have heard ?
- How does it relate to your locality from a people, workforce, service perspective ?
- What needs to change ?
- What are your locality ambitions ?
